Winter Percussion Rules & Regulations

Updated Winter 2023
M. Mills – VP of Winter Activities

WGI Rules

As a WGI Circuit Partner, NCBA follows the WGI Percussion Ensemble Rules and utilizes the WGI adjudication sheets. For your convenience, the WGI Percussion Ensemble rules are linked [here](#), and the WGI adjudication sheets are linked [here](#). Please take the time to familiarize yourself with these documents. For a more detailed overview of the WGI system, it may be helpful for you to review the WGI Adjudicator Manual, which is linked [here](#).

Please note: All students that attend a school which competes in NCBA should participate in their school's competing ensemble and are strongly discouraged from leaving their school to join an independent ensemble.

CLASSIFICATIONS

1. Both Scholastic and Independent groups are eligible to compete in NCBA.
2. NCBA will offer sub-classes within the Scholastic Regional A and Scholastic A classes. These sub-classes divide the larger classes to provide a more equitable distribution of groups at a similar developmental level. See Table 1.
 - a. A middle school entry can choose to compete in a higher class. For example, if a middle school is more competitive in Regional A, they can elect to move up to that class. Units can choose to perform in Exhibition Only.
3. Units that choose to perform in Exhibition Only will place themselves in the class they feel is most appropriate.
 - a. Units that choose to perform in Exhibition Only have three options.
 - i. Perform without receiving judges' comments or scores.
 - ii. Receive judges' comments only.
 - iii. Receive judges' comments and scores; however, the scores will not be published.
 - b. There will be no minimum performance time or authorized equipment time penalties for groups that perform in Exhibition Only; however, units that perform in Exhibition Only will be required to adhere to the internal time and maximum performance time.
4. At the beginning of each season, performing units will select the classification in which they wish to

compete in. Judges – in consultation with the VP of Winter Activities, Head Judge, and Color Guard Committee – may recommend that a unit be moved up or down. The VP of Winter Activities will make the final decision.

- a. Performing units will be classified based on the Class Descriptions.
 - b. A performing unit will be required to move up divisions if the VP of Winter Activities determines they should move up.
 - c. A performing unit can make the decision to stay in a higher division even if the VP of Winter Activities determines they should move to a lower division.
 - d. The second weekend in March will be the final weekend for classification changes to be recommended to the VP of Winter Activities.
 - i. The exception to this rule would be if a performing unit competes for the first time after the second weekend in March. In that instance, if the performing unit is scheduled to attend additional shows, they can be recommended moved up or down if it is deemed necessary.
5. Performing units can appeal a recommendation to move divisions in writing to the Percussion Committee. The Percussion Committee – in consultation with the VP of Winter Activities, Chief Judge from the contest, and judges from the contest – will make a decision after reviewing the show. The VP of Winter Activities will make the final decision.
6. Please refer to the WGI Adjudicator Manual for class descriptions. For clarification, the Regional AA class will consist of groups which fall between the bottom and middle of the Regional A class description, and the Regional A class will consist of groups which fall between the middle and top of the Regional A class descriptions. Similarly, the National AA class will consist of groups which fall between the bottom and middle of the National A class description, and the National A class will consist of groups which fall between the middle and top of the A class descriptions.
