2. The code confines itself to consideration of the U.S. Flag, and the relationship of other flags, pennants, banners, guidons, personnel and equipment as defined herein to the said U.S. Flag. The code is concerned only with the items and/or incidents relative to flag etiquette in regard to proper respect at all times to the U.S. Flag, and does not concern itself with the other captions such as Marching and Maneuvering, General Effect, etc. Use of the code shall not be the authority, either expressed or implied, to violate any national or state laws at variance with it.
3. Unless excused as provided herein, any color guard that is competitive in nature which exhibits, competes, or appears in any contest, parade or exhibition either as a prime performer (i.e. color guard contest) or part of a larger unit (i.e. marching band, flag unit, drill team, etc.) shall be subject to this code.
4. Violations of this code may be noted by any regularly assigned adjudicator and/or penalty judge but only the head judge may assess a penalty. All such assessments shall carry a mandatory penalty of disqualification for the entire unit.
 - Any number of U.S. Flags may be carried by a color guard, provided they are properly guarded, regardless of the number of starts in the Union Thereof, and provided that the most recent of these U.S. Flags shall be carried at the point of honor.
 - When a competitive unit is carrying a flag of another nation, it must then follow the code as set forth by the U.S. Heraldic Branch of the U.S. Army.
 - There will be no side stepping of the American Flag. The American Flag will not do backward march, except that one step to the rear shall be permitted to retrieve colors.
 - Additional flags, if carried, must be carried as flags, to wit: any piece of material carried on a pike, pole, staff, or otherwise aloft will be considered a flag, and must show the proper respect to the flag of the United States.
 - Authorized and Un-authorized Staffheads. All U.S. Flagstuffs must have a staffhead. No U.S. Flagstaff should bear any staffhead other than a conical spear or those officially authorized by the Army (eagle, Acorn, ball and spear) or when black crepes streamers are ordered by the President of the United States.

 - A color guard must carry at least one (1) authorized weapon. The one weapon must guard the American Flag. The maximum distance between the guard and the American

Flag will be three (3) thirty (30) inch paces. The direction of the motion or the direction of the facing of the American Flag and the guard need not be the same. - The position of the American Flag relative to the angle of the other flags, pennants and guidons shall be so that the American flag is to the immediate front or ahead of the other flags unless it renders the proper salute (that being dipping the flag). The immediate front is the infinite path through which the American Flag can pass safely without contact. This refers to the immediate front of the American Flag, not the immediate front of the other flags.
